- Funding applications
- Chills and Skills/Northern Comfort
- Remembrance Sunday
- St Georges Day 2023
- District Diary
- Q and A

Skills for Life

**Chorley District Strategy
Our roadmap to 2024**

Introduction-1

- This document outlines our District plan for the next three years. It is a result of the experience of our previous development plans and is guided by the #Skills for Life ethos delivered in The Scout Associations National Plan launched in 2018.
- Scouting actively engages and supports young people in their personal development, empowering them to make a positive contribution to society.
- Our plan is to build on the success of the previous plans: to continue to grow, become more inclusive, to be shaped by young people and to make a bigger impact in our communities. We set new goals to be achieved by 2025

Our Vision

- By 2025 we will have prepared more young people with skills for life, supported by amazing leaders delivering an inspiring programme.
- We will be growing, more inclusive, shaped by young people and making a bigger impact in our communities.
- We will have buildings and assets in the district that are well maintained and equipped to support a modern generation of scouts.
- Over the last four years, there has been a growing momentum to ensure young people are shaping their experiences and taking on leadership roles at Scouts. We want to continue to build on this through encouraging young people to be engaged on the District Team and Executive.

Our Strategic Plan

- The key pillars of our Strategy are built around **People, Places, Governance and Trusteeship, Perception and Programmes.**
- Each of these is broken down into detailed objectives and actions that will be rolled out through the district team, the GSLs, the SASU manager and the ESU Leaders over the next three years.
- Champions will be appointed to guide each stream at Group and ESU level.
- We will review our progress on the plan at mid-year and just prior to the AGM to ensure we are making progress on all fronts.
